Dear Charley,

Partnership is one of the most difficult feats in the world. Each side must give its utmost, while also ensuring to fit into a broader picture. You really taught us the meaning of partnership in organizing and producing this conference. You taught us the meaning of patience, tolerance, as well as how to approach others with a smile and a hug.

You truly did a wonderful job in all aspects of this unique and special conference. You turned a dream into reality. Furthermore, Elie Bennett, was an excellent, highly professional partner for Elie Friedman and I, and we greatly enjoyed working with him, as well.

We are looking forward to moving forward on this wonderful kickoff event for ongoing activities.

I believe that the quote "עשה לך רב וקנה לך חבר", is fitting for our relations - you have been like a rabbi to us, and have become a friend through our work together.

I thank you, on behalf of our entire delegation, who greatly appreciate your work.

Chag Kasher v'sameach to you and yours.

With friendship and affection,

David Altman
